

14

Life sciences

The interdisciplinary science concerned with the daily life of humanity conquers the world. An original domain of Westfalia Separator

25

Essential amino acid Threonin

Used in the production of the essential amino acid threonin, decanters open up a new field of application in biotechnology

27

30 years Westfalia Separator in waste water technology

The success story began in 1972 with the application of centrifuges in a chemical factory. Today Westfalia Separator is firmly established in industrial and municipal waste water technology

42

D-Type – The clever way to separate convinces world-wide

Reliability, speed, performance and economy. The new D-Type series convinces world-wide

CONTENTS

➤ Preface	3
➤ Topical	
Separator's News	4
➤ Separator's World	
Milestones	12
Life sciences	14
Raw material casein	16
Exotic fruits: Sweet lime, date, cashew & co	19
HydroStop system	22
Essential amino acid Threonin	25
30 years of Westfalia Separator in waste water technology	27
For a better quality of life	29
Radioactive waste water	31
Dairy waste water	32
Paints bring colour to life	34
Mobile strike force	36
Certified environmental management system	39
D-type – the clever way to separate convinces world-wide	42
Slop oil – a case for the separator	44
Oil for food	46
➤ Lifestyle	
Laughter is medicine for the soul	48
Give the consumer	50
