

System Technology for Power Plants

Applications

Fuel Oil Treatment

- Distillate
- Crude Oil
- Naphtha
- Heavy Fuel Oil

Lube Oil Treatment

- High Detergent Oil
- Non Detergent Oil
- Mild Detergent Oil
- Stuffing Box Oil

Environment

- Waste Water Treatment
- Sludge Concentration

Oil Management

- Pumping
- Cooling
- Selection
- Analysing
- Heating
- Filtration
- Dosing

Separators

- OSD 6
- OSD 18
- OSD 35
- OSD 60
- WSD 18
- WSD 25
- WSD 60

Module with two separators for heavy fuel oil

Module with six separators for naphtha

Your Partner for Complete System Solutions

Module for lube oil

Fuel oil forwarding pump module

Fuel oil management module

Control unit for treatment modules in power stations

Visco booster module

Module for waste water

Module for heavy fuel oil washing

Module with six separators for distillate

Westfalia Separator Mineraloil Systems ... Great Separators

Westfalia Separator is regarded worldwide as a leader in the field of centrifugal separation technology.

Modern production facilities at the headquarters in Oelde, in Niederruhr/Westerwald (all FRG) and Château-Thierry/France guarantee a high standard of workmanship.

The sales programme comprises centrifugal separators, decanters and the associated system technology for applications on board ships, in power plants, in the oilfield industry and in the metal working industry.

With the further development of tried and tested solutions as well as the new development of innovative technology, solutions will be found for all centrifugal duties in the sectors: Marine, Energy, Oilfield and Industry.

Optimum service with warranty

No matter what happens – Westfalia Separator is at your service. The service team will help you quickly and reliably with original spare parts from Westfalia Separator.

At your service worldwide

The sales office and the worldwide MASS center at Hamburg, more than 50 sales and service companies worldwide as well as representatives in over 60 other countries ensure an excellent backup support worldwide.
